Hi Can you read this Document what is coffee
2_brief_history_of_coffee.pdf
Coffee is one of the most widely consumed beverages in the world, enjoyed by people across nearly every culture and continent. It originated from the wild coffee plants of the Ethiopian highlands and, over centuries, spread through the Arab world, Europe, and eventually the globe, becoming a daily ritual and social centerpiece.
Where the Coffee Grown
Coffee is cultivated in a broad band of countries near the equator, known as the coffee belt. This includes major producing regions across South America, Southeast Asia, and Africa.
